Re: MB Docket No. 04-233

Dear Sir or Madam:

I am writing on behalf of K-LOVE Radio, which I listen to here in Oklahoma on either 88.9, 89.9 and 88.5. I understand that you are considering replacing the signal that K-LOVE radio now transmits over with an LPFM, thus forcing K-LOVE off the air. I earnestly request that you reconsider this act! As a resident of Oklahoma City, I can personally testify as to the positive and encouraging influence that K-LOVE is for me and many of my friends! I listen almost exclusively to K-LOVE in my home and in my automobile and would sorely miss it were it to be replaced!

I also strongly believe that the effect on my community would be devastating! This station is listened to widely in this area, as amply evidenced by the amount of callers I hear over the radio, on K-LOVE, that call in to give testimony of the wonderful influence this radio station has on them, their children and their lives.

The service K-LOVE provides is invaluable to the people of this community in many ways. It gives us family-friendly radio! We don't have to worry about what we hear on this station because it is strictly clean-cut and Christian in its content! It has blessed my heart so many times, I can't even begin to tell you about all of them! It is truly one of the most beneficial radio stations I have ever listened to, bar none! It far exceeds even the other Christian stations that are available! I also listen to it when I travel because of its nationwide availability...which is absolutely a wonderful thing!

Won't you please reconsider and leave our K-LOVE alone! Please, please do not replace them with some LPFM station!!

Thank you for your kind consideration,

Sincerely,

Donna J. Parsons
